

My name is Tania Britton, and I'm the new School Chaplain here at Cloncurry State School P-12

A little about myself.

I was born in Longreach and called it home for many years.

Following this, I moved to the Sunshine Coast to study Sport and Exercise Science at The University of the Sunshine Coast.

After working in the sporting industry and working with youth for over 9 years, I thought it would be great if I could link sport and working with young people together.

So, I decided to become a School Chaplain.

I am so thankful for this opportunity that I have been given to serve not only the students and staff at Cloncurry State School P-12 but also the whole community.

As a chaplain at Cloncurry State School P-12 I am here to contribute to the social, emotional and spiritual wellbeing of all students regardless of age, race, gender, faith or beliefs.

The chaplaincy role includes:

- *Assisting with Breakfast Club Monday to Friday being available to all students*
- *Supporting students and helping them to engage in day to day school life*
- *Supporting staff with programs within the school*
- *Providing programs within the school and outside of school*
- *Providing pastoral care*
- *Attending school excursions and camps*
- *Supporting parents/carers in helping their child/children with school attendance*
- *Community fundraising to support the chaplaincy program*

I am available at Cloncurry State School P-12 between the hours of 8.00am to 3.45pm during Monday to Friday.

Chappy Tania
